Studio Jean-Marc Gady is a design workshop producing projects that convey emotions, working with passion and specific attention to details.

The studio leads brands in their development according to their key issues and core values, and offers his aesthetic vision linking emotion, generosity and consistency. Studio's main purpose is to bring poetry while balancing brand's aims and studio's artistic expectations.

Founded in 2006, Studio Jean-Marc Gady has an expertise covering product design (furniture, lighting, tableware, industrial design), visual merchandising, interior architecture (boutiques, restaurants), scenography and museography. The Studio's multidisciplinary approach is reflected through the various skills of the team: product designers, interior architects, 3D specialists...

Studio Jean-Marc Gady collaborates with famous French and international brands: diptyque, Montblanc, Baccarat, Louis Vuitton, Berluti, Christofle. Studio's know-how extends from artistic direction to technical studies for product design and interior architecture projects as a global expertise.

Studio Jean Marc Gady built a wide and various network, locally and internationally.
By collaborating with talented craftsmen, using industrial technics and new technologies;
a common and simple ambition is shared with partners – genuine Creation.
